

UCD Genome Center

HALLOWEEN SYMPOSIUM

Friday, October 30th

9:00am – 1:30pm, 1005 GBSF & LOBBY

12:00-1:30pm - Genome Center Festivities *

Complementary lunch for the first 150 morning attendees

Poster Presentations - \$250 Meeting Travel Award for Best Poster

1:15pm Raffle: Services from the Genome Center Core of your choice. *Must be present to win.*

1:30pm Genome Center Core Facilities Tours:

Bioinformatics Core

DNA Technologies Core

Metabolomics Core

Proteomics Core

Vendor Fair & Presentations by:

*** Pumpkin Carving & Costume Contests • Best Individual Costume, Best Lab/Group Costume**

• Prizes provided by Lunchbox Express •

UCD Genome Center

HALLOWEEN SYMPOSIUM

Friday, October 30th

9:00am – 1:30pm, 1005 GBSF & LOBBY

Mingcheng Luo

UC Davis, Department of Plant Sciences

9:10 am "Integrated approach towards sequencing a large and complex genome"

Marco Blanchette

Dovetail Genomics

9:40 am "Better Genomes from Bigger DNA: Dovetail's Approach to Genome Assembly"

Chris Streck

10XGenomics

10:10 am "Long Range Information from Short Read Sequencers"

Matthew Seetin

Pacific Biosciences

11:00 am "PacBio's Advances for Large Genome Assembly with Long Reads"

Matthew Settles

UC Davis, Genome Center Bioinformatics Core

11:30 am "A reintroduction to the Genome Center's Bioinformatics Core"
